MESSAGE

It is a matter of immense and pleasure that the Federation of Karnataka Chamber of Commerce Industry is organising its Centenary year in 2015-16 and organising the Global Businesses Renewable Energy Summit to mark its centenary celebrations.

FKCCI one of the oldest Chamber of Commerce in the country has been doing excellent work for specific business policy, consensus building and business promotion and networking in business.

Global Renewable Energy Summit, an event being organised by FKCCI since 2013 aimed at Conservation of mother earth by green Energy is of utmost importance in today’s scenario.

I am sure the summit will provide an excellent platform to the stakeholder and participants form different sector as government, industry, administration and NGO and the deliberation of the conference will go a long way in promoting green and eco-friendly business practices in the interest of the nation.

Wishing the programme a great success.

(Nitin Gadkari)

Shri S. Sampathraman,
President,
